Hobbies

- **Video game design:** In my spare time I develop video games for practice using Unreal Engine 4 editor. Some of the current practice projects can be found on my itch.io account.
- **Music:** In my free time I like to make covers of songs that I produce and edit myself. From 2008 – 2016 I've been an active member of a professional singing ensemble *Putokazi*, where I learned a lot about team work and organization, and also went on to perform in several cities of China and throughout the whole of Croatia
